LYNCHBURG, VIRGINIA, OCTOBER, 1964

No. 1

## News In Brief

An article, "High School-College Articulation," by Principal C. W. Seay, appears in the September issue of "Bulletin of the National Association of Secondary Principals."

The magazine is in the library. Mr. Seay was guest speaker for Men's Day at Diamond Hill Baptist Church on October 18 at the 11 a.m. worship services. The Rev. Haywood Robinson, Jr. is pastor of the church.

\* \* \*

N.H.A. president-elect Joan Bell, and sponsor, Mrs. C. P. Langhorne, attended the state N.H.A. conference held at Virginia State School at Hampton recently.

\* \* \*

A group from the Dunbar Senior Chorus appeared on WLVA-TV last Friday. They sang selections from Bach.

\* \* \*

Two faculty members, Miss M. L. Williams and Mr. William Sinkler, are taking courses in science on Saturdays at Virginia State College, Petersburg, under the National Science Foundation Act.

\* \* \*

Mr. H. S. Ferguson, chairman of Social Studies Dept., is convalescing at his home after undergoing surgery at Lynchburg General Hospital last month.

\* \* \*

**NEW FACULTY MEMBERS** are left to right, H. L. Watson, social studies; B. A. Miller, social studies; Mrs. M. M. Powell, physical education; W. C. McClure, math and French; and C. L. Leslie, science and math.

## Faculty Increases By Five

Five new teachers joined the Dunbar faculty this year.

Joining the Physical Education Department is Mrs. M. M. Powell, who graduated from A & T College in Greensboro. "I am very proud to be a member of the Dunbar family," expressed Mrs. Powell.

Mr. H. L. Watson and Mr. B. A. Miller are the new additions to the Social Science Department and they are graduates of Hampton Institute and Virginia State College, respectively. Mr. Watson

Mr. C. H. Leslie of Latta, South Carolina graduated from North Carolina College and is assigned to the Math and Science Department. He was greatly impressed by the "high degree of organization at the school."

Mr. W. C. McClure, a Lane College graduate, hails from Jackson, Tennessee and teaches math and French. He likes the congenial atmosphere at Dunbar.

## American Education Week To Be Observed, Nov. 8-14

Plans are being made for the annual observance of American Education Week, which takes place November 8-14 this year.

According to Mrs. D. L. Obey, chairman of the planning committee, a special program, "Education Pays Dividends," will be presented Thursday, November 12, at 2 p.m. in the auditorium.

Parents and friends are urged to attend the program, as well as visit the classes at some time

during the week.

The national theme for American Education Week is "Education Pays Dividends." Special daily subtopics are: *In Better Human Relations, In Improved Earning Power, In Personal Fulfillment, In Good Citizenship, In National Economic Growth, In Better Communities, and In International Relations.*

A reception will be held in the Homemaking Cottage immediately after the program.

Members of the planning committee, in addition to Mrs. Obey, are Mrs. C. M. Seay, Mrs. F. S. Womack, Mr. W. T. Lewis, Mr. C. F. Pinn, and Mr. R. S. Robinson.

## Twins Appointed Co-Editors of Yearbook

When a student peeps into the Publication room, he should not become alarmed if he thinks he is seeing double. He is not. What he actually sees is Margot and Marla Beverley, identical twins, who are co-editors of the "Dunbarian."

Sorting and labeling pictures, writing articles and making layouts are some of the activities the Beverley twins will have to supervise, as well as assist with.

**Speaking in a duet, both girls agreed, "We have a tremendous job to perform as well as a reputation to live up to. For the past six years the 'Dunbarian' has received an A rating by the National School Yearbook Association, and we want this year's book to be**

## New Math Classes Added To Curriculum

In previous years, some students have left Dunbar and entered various colleges to find that they were deficient in mathematics.

To meet the needs of college-bound students, the Math Department has added two courses to its curriculum.

Elementary Mathematical Analysis, one of the classes, is designed to introduce the student to an altogether different trend of mathematical thinking. The student learns to break down by an-

eral Hospital last month.

Carol Wilson was elected tem-  
(Turn to page 4, col. 1)

Institute and Virginia State College, respectively. Mr. Watson likes the friendliness of the faculty and student body.

## Guidance Department Begins Orientation

### FOR EIGHTH GRADERS

Realizing the many problems facing the 304 new Eighth graders, the Guidance Department held the first in a series of orientation programs recently in the auditorium.

The program consisted of a discussion on "What is a Guidance Counselor?" "Services of the Guidance Counselor" and "Rules and Regulations at Dunbar."

After the discussion period, Mr. Robert Winfrey, Music Instructor, and Mr. J. L. Russell, Band Director, taught the 8th graders the Alma Mater.

As follow-up of this program the 8th graders will meet weekly during the school year for guidance sessions. These classes will replace one of the regularly scheduled study periods. The students will meet in the same section as they are scheduled for classes.

Topics of interest to all students will be considered as well as the presentation of necessary specific information through group guidance.

A number of different methods and materials will be used in approaching the various topics. Questionnaires, discussions, panels, films, pantomimes, books and pamphlets are to be included. Students' needs and suggestions within the framework of the major topics will be followed by the counselors.

In charge of the series are counselors Mrs. C. M. Seay, Miss Ann Chambers and Mrs. P. F. Weeden, Chairman.

### PSAT Given October 20

The Preliminary Scholastic Aptitude Test (PSAT) was given to 14 sophomores, 21 juniors and 20 seniors on October 20.

The test measures two kinds of scholastic ability — verbal and mathematical.

When considered with a student's school record, scores on the

## Senior Class Elects Officers

On Wednesday, September 30, the senior class was faced with one of its most important annual responsibilities—the election of officers. Ballots were issued in each senior homeroom and the seniors chose class officers and their motto.

Officers elected are: Hylan Hubbard, president; Carolyn Jackson, vice-president; Edwina Harris, secretary; Margot Beverly, assistant secretary; Arthur Harde- man, business manager; Carlton Anderson, reporter; and Rosetta Freeman, chaplain.

"With ropes of the past, we'll ring the bells of the future" was chosen as the motto.

### FROM CANDY SALE

#### Chronicle To Purchase Typewriter for Pub. Room

For the third consecutive year, the Dunbar Chronicle is conducting a candy sale to raise funds for operational expenses.

The project which began October 2 will terminate at the end of the month.

This year, the proceeds will be used to purchase a typewriter for the Publications room.

Each bar of candy, a quarter pound of milk chocolate with toasted almonds, has a personalized wrapper and sells for fifty cents.

test, whether obtained in the junior or senior year, are about equally effective in predicting college performance.

Sophomore honor roll students are encouraged to take the test for experience.

Yearbook Association, and we want this year's book to be just as good."

The 1963 and '64 Annuals were awarded a first place rating by the Columbia Scholastic Press Association.

Active in various activities, such as the French Club and the Theater Guild, Marla and Margot are busy seniors.

Other seniors with key positions on the staff are Calvin Hubbard, picture editor, and Sherman McCoy, layout editor.

mathematical thinking. The student learns to break down by analysis numbers and their relationships to other numbers.

Mainly for high school juniors, seniors, and college freshmen, the course helps the student to better realize the relationships of numbers to locations, such as points on a graph. It also provides a sound basis for the study of calculus as well as a technical course for high school seniors and college freshmen.

(Turn to page 4, col. 3)

## Dunbarian Receives Excellent Rating

For the second consecutive year the "Dunbarian" has received a first place award by the Columbia Scholastic Press Association (CSPA).

The award was made at the 24th annual CSPA's conference, held the week of October 9 in New York.

The "Dunbarian" was judged in the category of high schools with a 901-1,500 enrollment with yearbooks using offset printing.

According to Mrs. E. C. Watson, who is faculty coordinator, the "Dunbarian" received 959 points out of a possible 1,000 score. First place awards are given to Annuals with a score of 850-1,000.

In a letter to Mrs. Watson, CSPA stated that the Dunbarian's strongest point was the timeliness of theme which was "President Kennedy and the Space Age." The weakest area was layout.

Carolyn Snead, a member of the National Honor Society, was editor of the top award yearbook.

CHRONICLE HEADS—Melvina Pinn, left, Editor-in-Chief, and Edwina Harris, Assistant Editor, look through back issues of the paper for ideas on copy and lay-out. Both are seniors.

## Melvina Pinn Chosen Editor of Chronicle

Melvina Pinn, senior honor student, was named editor-in-chief of the school newspaper. She has worked on the Chronicle Staff for three years. Last year she was assistant editor.

Melvina is a member of the Student Council, National Honor Society, Theater Guild, and the Dunbarian staff.

Other promotions include Edwina Harris, former news

editor, who has become assistant editor; Sherline McCoy, news editor; Nancy Patrick, feature editor; and Hylan Hubbard, sports editor. All are members of the senior class and were former reporters.

Silas Herndon is the new staff cartoonist. Lemuel Lewis retained his position as managing editor.

The staff totals 65 members.

## A TWO-FOLD PEP SESSION

Pep session—that all-American activity loved by each high school student—can be sane and fun at the same time.

This was proved recently at the pep session held in the school auditorium.

The day dawned bright and clear with a cool edge in the air. But at Dunbar the air was hot with anticipation and heavy with tension. "Bury the Burley Bears" was on the lips of every student.

During pep session a comical but sensible skit was presented by the cheerleaders and the Student Council's Morale Committee. Although it caused heavy gales of rollicking laughter, it packed a tremendous punch at recent disorder, misconduct and lack of student cooperation at our football games.

The pep session really got the message over to the student body. At the game, students sat together, cheered together, and remained in their seats so that others could see.

Our student body is to be complimented for their cooperation in this area. We also congratulate the sponsors and the participants for such an effective pep rally.

However, there are some problems which still need to be corrected, although they were mentioned. These are the problems of using obscene language and drinking.

Evidently some of us think using obscene language in front

"SPARE TIME CAN BE VALUABLE TIME:  
USE IT WISELY."

## LETTERS TO THE FORUM

### To the Editor:

With the school year 1964-1965 well underway, I think that most of us have a lot to look forward to.

For us, the seniors, this is our last chance to make an impression at Dunbar. For the juniors, 1964-'65 brings new and exciting responsibilities, along with a new leadership role. The sophomores and freshmen find this the year to sink their roots deeper into the soil of "dear ole Dunbar," while the sub-freshmen are opening the door to a new and fascinating world.

With all this in mind, we should all strive to make this year one to be remembered. Co-operation on the part of the administration, faculty and most important, the student body is the key to a most successful year.

Let's increase our pride in our school and in doing so, broaden our desire to make this, Paul L. Dunbar High School, a credit to us, our city, our state and our nation.

Carlton Anderson,  
Class of 1965

### To the Editor:

Recently we have had a new group (8th graders) added to our student body and I think that it is only proper for the Dunbar Chronicle to issue information concerning our cafeteria conduct.

The older members of our family should set examples for the younger groups by joining in and singing the grace. The teachers also should join along with the students and make our grace more forceful and meaningful.

There has also been a

## Inquiring Reporter

By Solomon Hubbard

In order to give the new arrivals at Dunbar an opportunity to express their feelings about the big switch from elementary to high school, the following question was asked of several eighth graders.

*In your opinion, how is high school life different from elementary school life?*

*Eric Hubbard:* "You don't have the same teachers for every subject."

*Claude Hunter:* "We have different teachers for each subject and that means better education."

*Kenneth Ferguson:* "We can talk in the cafeteria and go outdoors without lining up."

*William Wooten:* "The teachers are friendlier."

*Earl Payne:* "I have more opportunities to make new friends."

*Leon Harvey:* "You see more girls."

*Mahalia E. Wade:* "Dunbar has more activities plus it is more enjoyable than elementary school."

*Carolyn Hicks:* "Students don't have to sit in one class and see the same teacher all day."

*Dorothy Crawley:* "In the elementary schools, you don't have as much work as you do in high school."

*Nannie Braxton:* "You don't see the same faces all day long."

*Odessa Hubbard:* "There is more fun but with this fun comes more responsibility."

*James Pannell:* "There are new and more boys and girls and new responsibilities."

*Melvin Harvey:* "There is more freedom."

*Herminia Wathall:* "You don't work all day long without some type of rest."

Evidently some of us think using obscene language in front of our classmates and in front of adults is cute and makes us look "big." The usage of obscene language and alcohol degrades us and cheapens our reputations.

Our job is not done until we, the student body, unite to eliminate drinking, obscene language, and any other uncouth display at any of our school sponsored affairs.

## IDLENESS: Enemy of Perseverance

Many adults often say "idleness is the devil's workshop." Most young people do not take heed to this statement, basically because they do not clearly understand it.

When one is idle, he is either lazy, unoccupied or worthless. For example, a student with any degree of intelligence, but who has no purpose, soon grows tired of everything. Instead of using his time wisely and constructively, he does absolutely nothing. This is not an industrious person but an idle one.

There are two main dangers in idleness. First, precious time is wasted. Second, because one's mind becomes open and vulnerable, the person becomes susceptible, pessimistic, and dissatisfied.

There are too many profitable activities at Dunbar for any student to be indolent. He can participate in our various school organizations, such as the Debating Society, French or Latin Club, Theater Guild, Dunbarian staff, Cheering Squad, Band, Industrial Club, Football team, or Science-Math Club. By taking an active part in school work, for example, classroom discussions, class reports or extra assignments, he can use his time wisely. Usage of our school library is also an excellent solution for idleness.

Time which is spent profitably gives birth to a more satisfied and happier person.

## LET ME GROW UP, TOO

Ouch! Why don't you big lunkhead watch where you're going? What bugs me is that I don't bother anyone. I even yell for help but no one hears me. I would fight back but I didn't come from a fighting family; besides I am too small for combat.

When the man brought me here I didn't object because I had heard about Dunbar High—excellent curriculum, many curricular activities, "rather" nice faculty and hundreds of sweet, kind and understanding teenagers. I just knew I'd get all kinds of loving and protection in addition to a well-rounded education. Boy! Was I a dope!

A couple of weeks ago a nice man moved me to a lovely spot overlooking the steps to the East building. Gee! I was so happy to be near the heart of things.

Then bells started ringing and disaster struck. All sizes of feet dashed over me and two of my brothers standing near me.

Friends, please use the concrete walks and stop using short cuts. I want to grow up, too. In time and with proper care, I'll grow up to be a beautiful holly tree.

Hylan T. Hubbard

## CHRONICLE SALUTES HYLAN HUBBARD

The Dunbar CHRONICLE salutes Hylan Hubbard as an outstanding personality. Hylan, president of the senior class, is active in school and community activities.

This previous summer Hylan was the recipient of a \$700 grant to study English composition and chemistry at Phillips Exeter Academy, Exeter, New Hampshire.

During the summer of 1963 he attended Virginia Union University, where he studied microtechnique and bacteriology on a National Science Foundation grant.

Hylan was recently elected vice-president of the Lynchburg Teenage Democratic Club. The club's objectives are to support Lyndon B. Johnson and to unite the youth of the city who believe in the principles of the Democratic Party.

His school activities include membership in the National Honor Society, French Club, Math-Science Club, Dunbar Debating

(Turn to page 4, col. 5)

There has also been a tendency for students to leave the tables untidy after completing their meal. This only shows a lack of home training. Our cafeteria should mean as much to us as our kitchen or dining room at home; and it should be treated likewise.

If the newcomers see the actions of some of the older students, they will think that they have the right to perform in the same manner. Let us set good examples and act like mature high school seniors.

Jacqueline McCoy

## To the Editor:

Once again football season is here. The football boys and coaches are doing their jobs very well. And let's not forget the cheerleaders and the band. The cheerleaders cheer at all the home games and provide their own transportation to out-of-town games. The band and its auxiliary units haven't missed a performance at a home game yet.

Although the coaches, players, cheerleaders, and band are working hard, they cannot do the job alone. They need the school behind them.

Whether the boys are trailing or leading, they need the students to cheer them on to victory.

In closing, I would like to leave two thoughts—one to the student body and one to the football boys.

To the student body: Show the football team that you are there and that you care. Sit together and cheer together.

To the football boys: Keep the work up. Remember to win or lose is **not** the same, **but** play square in every game.

Carolyn A. Jackson

Lorraine Hubbard: "Now I get to see certain people more."

Gregory Graves: "My teachers are different for each subject."

Deborah Calloway: "Dunbar is livelier, and I like the idea of having a choice for lunch."

Andrea Meadows: "I get a better opportunity for an education."

Amelia Stephens: "The teachers are very kind to me and the students are very helpful."

Danny Johnson: "I like the different classes and I can move about more."

## How About A Career In Mathematics?

By Mrs. J. H. Early

Mathematics can be both a joy and a vocation. Would you like to earn a living through mathematics? Let's consider some of the areas.

### AS A TEACHER

The need for high school and college mathematics teachers greatly exceeds the supply. Fortunately for those interested in the teaching of mathematics, the time is opportune.

### AS A STATISTICIAN

Today most industries and governmental agencies need qualified statisticians to analyze and interpret their data. Statistics is proving an aid in the physical and biological science, in economics and sociology, in psychology and education, and in agriculture and industry.

### AS AN ACTUARY

The actuary is a social mathematician because he uses his mathematical abilities on behalf of the people. He specializes in statistics related to the lives of people. From this information he determines

(Turn to page 4, col. 4)

## Alumni Notes

By Rosetta Freeman

Bells! Bells! Bells! As Dunbar's ringing bells called hundreds back for another year of reading, writing, and arithmetic, so did other bells call many Dunbar alumni.

### College Bells

*Crystabel Harris* — Knoxville College, Knoxville, Tennessee.

*Perno Johnson* — Morehouse College, Atlanta, Georgia.

*Carol Wilson* — Valparaiso University, Valparaiso, Indiana.

*Maxine Ferguson* — North Carolina College, Durham, N. C.

*Fred Haskins, Clyde Jackson* — A & T College, Greensboro, N. C.

*Dorothy Payne* — Va. State College, Petersburg.

*James Herndon, Wistar Withers, Viola Miller '62, Frances Brown '62* — Va. Union University, Richmond.

*John Minnis* — Morgan State College, Baltimore, Maryland.

*Donald Jackson* — Voorhees College, Denmark, S. C.

## Orbit With The Teens

What's more glorious and fascinating than being a teenager? Nothing! It's fun—sheer fun, especially when you are up to date on the latest happenings. That's why everyone is asking the favorite question, "What's happening?"

### Current Fad

Driving is the current fad. By now many parents are getting tired of walking, for favorite son or daughter has shifted positions in the family car—from back seat to the driver's seat. Parents can thank the Drivers Education course which was instituted at Dunbar. Even though they are grounded, they can be proud that their smooth cars are being driven by well-trained drivers.

New chauffeurs are darting out daily. Observe the latest ones—Freida Thomas, Melvina Pinn, Louis Mitchell, Edwina Harris, Regina Crawford, Lemuel Lewis, and Linda Johnson, among others.

Do you have your license yet?

### Latest Dances

Although the weather is getting a bit cool, everyone still wants to SWIM. A bathing suit isn't needed for this kind of dip. Just spin Bobby Freeman's hit tune the "Swim" and

let yourself go - go - go. With your arms in a swimming position and your feet slightly apart you can really go with the swim.

In case you need some help, watch Elwood Hartman for five minutes and you'll get the shake of it.

If the "Swim" is not for you, then join the "Boomerang" dancers. It is monopolizing the dance floors everywhere.

If you don't like the "Swim" or the "Boomerang" then why not do the latest and do the "Fatman."

### Top Tunes

Are you getting the most out

of your stereos? If you have the following 45's, then you are getting your money's worth, plus real teen sensations: Jewel's "Opportunity" and "Let It Be Me" by Betty Everette and Jerry Butler. Also include the big hit by the Supremes "Baby Love" and the Drifters' "Sand In My Shoes."

### Fashion Flares

Smart girls are wearing A-line skirts. Color in the vogue is burnt orange. Set-back heels and lace hosiery are big hits this year.

Sweater shirts are the latest rage for the boys. Dominant colors are dark green, blue, burgundy and that marvelous camel.

**MEDICAL HELP**—Miss Bertha Payne, Dunbar's first full-time nurse, checks the temperature and pulse of senior, Albersynia Rice, in the school clinic.

## POETS SPEAK

### Revenge

Sharon Stone  
Eleventh Grade

Deep down within my soul,  
There dwelt the guilt.  
I ran, but how needless of me  
to run  
For so closely would it follow.  
It would not stop until justice  
won.

It hung over my head at night.  
Wherever I went, it would  
follow.  
Whatever I did, it would jeer.  
My soul within was now  
hollow.

Slowly I was weakening  
And it laughed,  
Because I the guilty must pay.  
Laughing grew from seldom  
to never;  
Even to smile was an effort  
I'd say.

I went from living to existing;  
By the moments, to the aged  
from youth.  
To get revenge is only to find  
guilt.  
To hurt another is to banish  
truth.

For revenge, I know I must  
pay.  
I am tired and must stop to  
face it.  
Two wrongs don't bring out  
truth;  
Even lies can never grace it.

## Dunbar Graduates Employed By City

Dunbar graduate, William Anderson ('60), began duties with the Lynchburg Fire Department on September 21.

Anderson received the training he needed to qualify for the position in the United States Air Force's Strategic Air Command, where he served as fireman for three years and nine months.

Charles Wynn, who graduated in 1959, began his new duties as a police officer on September 14. Wynn, a woodshop student at Dunbar, was also very active in sports. He was an outstanding football, basketball and track team member.

During his active tour, Anderson served in the states of Florida, Texas and overseas in Viet Nam. He was honorably discharged from the Air Force in February of this year.

Anderson says, "I still have a long way to go on the scales of advancement, and I intend to make my best showing."

While at Dunbar, Anderson, a business student, was an outstanding member of the chorus, a track standout and manager-trainer for both the football and basketball teams.

After graduation from Dunbar, Wynn attended St. Paul's College in Lawrenceville, Virginia. He is married to the former Anne Hatwood, also a Dunbar graduate.

are ten questions to see how you stand for getting a future date.

Give yourself a score of ten points for each "YES" answer.

Scoring—  
 90 and above excellent.  
 80 Good.

Below 80—Start improving your dating habits or you will wind up spending your nights watching TV.

1. Are you usually ready when your date arrives? Yes No
2. Do you know the plans for the evening before you leave home? Yes No
3. Do you avoid gossiping with your best friend on a double date? Yes No
4. Do you compliment your date when he looks particularly handsome or well-dressed? Yes No
5. If you both have different plans for the afternoon do you come to a peaceful agreement? Yes No
6. Do you speak up when you disagree? Yes No
7. Do you give him driving space when he uses the family car? Yes No
8. Do you wait for your date to open the car door? Yes No
9. Do you pick a treat within his budget? Yes No
10. Are you usually able to give a suggestion for a date when you are asked? Yes No  
 Bonus (5 points):  
 When you return home, do you thank your date for an enjoyable evening? Yes No

### Thoughts for the Month

"Success is not a destination; it is a method of travel."  
 —Sherline A. McCoy

"Fear is the darkroom where negatives are developed."  
 —The Reader's Digest

Miss Bertha Payne, a graduate of Dunbar and Piedmont Sanitarium at Burkesville, assumed the role of school nurse last month. She did affiliate work at St. Phillip's School of Nursing, Medical College of Virginia at Richmond.

Aside from administering first-aid for minor injuries that might result from an accident at school, Nurse Payne assists students with their personal problems.

Before a student can get a sick excuse to go home, he must report to the nurse. This is done to see if her services can remedy the situation and to determine if the excuse is valid. Nurse Payne also calls the student's home to see if someone will be there before a sick student leaves school.

Prior to this fall, Miss Payne was a Head Nurse at Lynch-

## Let's Read Awhile

### The Masters of Deceit

By J. EDGAR HOOVER

In this informative book, the Director of the Federal Bureau of Investigation tells about many of the things we don't know but need to know about the greatest threat to the Free World—Communism. Hoover tells about the effects of Communism in America and what we, as Americans, can do to fight it.

### Emma

By JANE AUSTEN

Dodd, Mead & Company—\$3.75  
 This great novel has its setting in the little English village of Hartfield in the eighteenth century. It tells of a socially prominent young lady named Emma Woodhouse, who is dedicated to the sole purpose of uniting her protegee, Harriet Smith, and Mr. Elton.

Miss Payne's office is set up in the clinic which was formerly operated on part time basis. Located in the East building, the clinic has a large reception room, two baths and two treatment rooms, one for boys and one for girls.

## FREIDA'S CORNER

By Freida Thomas

*Build Yourself a Strong Foundation*

Before anything can be completed successfully, a strong foundation must be built.

Success at Dunbar is the completion of five meaningful years. This is not merely marching down the aisle to "Pomp and Circumstance," but achieving and learning useful things.

In laying this foundation, the right attitude toward your teachers is significant. Since they are here to help you comprehend, they should not have to endure your thoughtless playing. Pay attention to whatever they have to say and show respect for whatever they decide because they are dedicated to do what is best for you.

Respect for school is also necessary. Playing should be done at recess and should be left out of the classroom.

From the very start, do your lessons with great diligence because procrastination leads to disappointment. The further you get into a subject, the more time-consuming and difficult it is. Therefore you won't have time to alter your previous work. Set your goals toward perfection and see how proud and thrilling you feel when you near that goal.

The key to building your foundation is within your grasp. All you have to do is to want it. With a little perseverance and a lot of self-respect, all that you want will be yours.

One which no other can outrate  
 Where corn and cotton grow:  
 The Old Dominion State.

In this old historic place  
 That gave birth to our great nation  
 My ancestors once lived  
 In log cabins and huts on many a  
 plantation.

I love my home Virginia  
 And everything around.  
 It was once the scene of bloodshed,  
 A place used as a battleground.

No matter where I go  
 No matter where I roam  
 No matter where I stay  
 Virginia is my home.

## Orchids and Onions

Orchids to:

- The woodshop boys for making risers for the Music Department.
- The football team for outstanding plays.
- Student Council's Morale Committee and cheerleaders for fine Pep Sessions.
- Raymond Jones, the only boy ever elected President of Le Cercle Francais two consecutive years.
- Student body for their co-operation and decorum displayed at the football games.

Onions to:

- Those who do not use the trash cans.
- Those who make excessive noise in the halls.
- Those who are not putting forth any effort to improve their grades.
- Students who do not support the cheerleaders.
- The students who do not return their trays to the window in the cafeteria.
- Chronical staff members who do not get their articles in on time.

# POETS SHAPE UP FOR CLASH WITH ADDISON

The Dunbar Poets are sharpening up their pass defense and aerial offense for their battle with Addison High of Roanoke to be played there, October 30.

**Statistics show that in six games the Poets' opponents have netted less than 100 yards rushing per game but have covered good yardage in the air.**

"If the boys can strengthen their passing game," commented Coach J. Organ, "they will increase their chances of capturing the district title."

The Poets have been deficient in their offensive air game. Coach Organ attributes this to "poor blocking and weakness of the quarterback's arm."

The team will rely on ends Donald Culpepper, James Norfleet and Alfred Elliott and pass receiving halfbacks Clyde Thomas and James Franklin as well as James Johnson to strengthen the air attacks.

## The 12-6 home defeat of

### Booster Groups Add Color To Sports Events

The twirlers, the majorettes, the band and the cheerleaders, Dunbar's official morale boosters, are on the job as usual. However, they have made numerous changes this year.

The high-stepping twirlers welcomed Delores Barnette and Carrie Cardwell, both juniors, as new members.

This year brought with it a new sponsor for the cheerleaders. Mrs. M. M. Powell, girls' health and physical instructor, is leading the cheering squad in the absence of

**Charlottesville's Burley Bears boosted the Poets' overall standing to 4-1 and a 4-0 district record. Then the Poets were upset 7-0 by Northside of Gretna. They are out to better their last year's 7-1-2 record, which resulted in a second place in the district and fourth in the state.**

After losing to Peabody of Petersburg in the opening game 26-0, the Poets have racked up wins over Mary Bethune of Halifax 42-0, Carver of Salem 21-13, Martinsville's Albert Harris 13-9 and Burley 12-6.

Other remaining games include Campbell County (3-1-0), St. Emma (2-1-1), and Addison of Roanoke, who is in the district lead with 4-0 district standing and a 4-2 overall.

District standings as of Oct. 23 are as follows:

<b>Addison</b> .....	<b>4-0-0</b>
<b>Dunbar</b> .....	<b>4-1-0</b>
<b>Campbell</b> .....	<b>3-1-0</b>
<b>Northside</b> .....	<b>3-1-0</b>
<b>Langston</b> .....	<b>3-1-0</b>
<b>Albert Harris</b> .....	<b>2-2-0</b>
<b>Southside</b> .....	<b>2-2-0</b>
<b>Burley</b> .....	<b>0-1-0</b>
<b>Bethune</b> .....	<b>0-4-0</b>
<b>Carver</b> .....	<b>0-3-0</b>

**Activities!**

**DUNBAR POETS**—Going through strenuous practice for the Poet-Addison clash are forward wall Allen Parks, Louis Mitchell, Ray Robinson, Don Culpepper. Also, back row, fast backs Mandell Davis, James Franklin, James Johnson and Bobby Thomas.

## Poets Capture Four Straight Wins

After an opening defeat of 26 to 0 to Peabody at Petersburg, Dunbar returned home to defeat Mary Bethune of Halifax 42 to 0.

It was a one-sided game as Dunbar scored in every quarter. Dunbar's scoring was led by James Johnson with 18 points.

Also in district games Dunbar turned back Carver of Salem by a score of 21 to 13 and Albert Harris of Martinsville 13 to 0. Bobby Thomas and Johnson led the scoring in these games.

In the Carver game Johnson scored twice and Thomas once. Both scored once in the Martins-

ville game. A dazzling run by James Franklin was nullified by a penalty.

James Johnson who is much sort after by several leading colleges, scored twice in the Burley-Dunbar contest.

The Poets' defensive was outstanding as they set up both touchdowns on a pass interception by Victor Cunningham and a fumble recovery by Ray Robinson.

Once again James Franklin was unlucky. His spectacular 60 yd. run was nullified because quarterback Mandell Davis' knee touched the ground on the hand-off.

## CLUB GLANCES

### Projectionists

The Projectionists Club began a new year by collaborating with Mr. L. G. Stamps, Mr. J. L. Russell and Mr. H. R. Watson in presenting a dramatic staging of "The Creation" for the P.T.A. on October 26.

Projectionists handle lights and other stage equipment, mikes, tape recorders, record players, tri-purpose, opaque and overhead projectors as well as audio-visual equipment for the entire school.

Much in demand, members of the club are Alfred Elliott, Chief; Reginald Johnson, 1st Assistant Chief; Alon Coleman, 2nd Assistant Chief; Wiley Harris and Douglas Jones.

Also, Ben Jones, Edward Hoyle, Ronald Wilkinson, Glen Clarke, Robert Copeland, John Coleman, and Henry Deane.

### Theater Guild

Mary Jean Rosser, president, led the group in a study of dramatics in the theater at the first meeting of the Theater Guild on October 6.

### N. H. A.

On Wednesday, October 14, the New Homemaker of America presented the Watchmakers of Switzerland in an assembly program.

Joan Bell, a senior, is president of the club.

### French Club

Le Cercle Francais elected Raymond Jones, a member of the Junior class, president. Other officers are Farnese Hicks, vice-president; Joyce Patrick, secretary; Robert Rammage, asst. secretary; Rosetta Freeman, chaplain; and Andrew Smith, reporter.

## Mary Rosser To Be Crowned 'Miss Dunbar'

ing squad in the absence of Mrs. D. G. Morris, who is on leave.

Added to the majorettes of which Carolyn Jackson, a senior, is leader, were Rosa Burford, Barbara Hathe and Aretha Walker.

The voices of Sharon Hunting, Joyce Patrick, Gail Thompson, Carolyn White, Pamela Stephens, Gayla Fitch and Olivia Thomas are no longer heard in the stands with the spectators. They have joined forces with the cheerleaders.

All the girls are wearing new purple and gold uniforms. With their new leader the cheerleaders have gotten their heads together and have worked relentlessly to come up with some new and unique cheers.

The twirlers, led by Melvira Pinn, the band and the majorettes work together to bring colorful entertainment during halftime. Stepping high with the meter of the band, the majorettes and the twirlers display their agility in new steps and formations.

Rustburg Elementary School will hold a book fair at the school on Oct. 24, to enrich the cultural status of their students through reading. The public is invited.

# Mary Rosser To Be Crowned 'Miss Dunbar' At Homecoming Game

Mary Jean Rosser  
'Miss Dunbar' 1964-65

Popular and pert Mary Jean Rosser has won the "Miss Dunbar" contest, which ended October 5, by selling the highest number of season tickets.

**The attractive eighteen year old senior, whose birthday was October 12, will be crowned during half time at the homecoming game between Dunbar and St. Emma of Rockcastle, November 13 at 8 p.m.**

"I am indeed happy to reign as 'Miss Dunbar,'" said Mary Jean smiling. "I know that this would not have been possible without the help of so many kind and faithful friends. With the help of God, I shall strive to be the ideal 'Miss Dunbar'."

**Miss Rosser, whose ambition is to become a nurse, is president of the senior chorus and the Theater Guild.**

She is also a member of the National Thespian Association, Annual staff, F.T.A., Y.W.C.A., Teen-Age Council, Science-Math Club and the Student Council, of which she is chaplain.

Nine of the 17 contestants will serve as attendants during the special crowning ceremony at City Stadium.

## NEW MATH

(Continued from page 1, col. 5)  
Pupils taking the class are seniors who were placed in the advanced math program when they first entered Dunbar. Mr. O. M. Washington is their instructor.

The other class, taught by Mr. Washington and Mrs. J. H. Early, is Contemporary Algebra and Trigonometry. Juniors and seniors in the regular math program are enrolled in this class.

Senior attendants are Edna Ross and Deloris Cardwell.

Other attendants are Wanda Wilkes, Dianna Livingston, sophomores; Regina Crawford, Verlease Cardwell, Linda Beverly, Brenda Bolden, freshmen; and Delores Callands, sub-freshman.

**"This is the best response the Athletic Association has ever had. The contestants sold over \$2,000 worth of football season tickets," stated Miss E. E. Holmes, who is chairman of the "Miss Dunbar" contest.**

When asked how she felt about her daughter's winning the contest, Mrs. Christine Rosser replied, "We feel deeply humbled by so great an honor for we realize that Mary Jean is representing one of the finest schools in America. Thanks for your confidence in her."

It is based mainly on plane, solid, and coordinate geometry on an integrated basis. The entire course, however, is algebra-oriented with the structural and analytical aspects of trigonometry and algebra emphasized.

## MATH CAREER

(Continued from page 2, col. 5)  
the probabilities of living or dying at each age, or becoming hospitalized, or becoming unemployed.

## AS A RESEARCH WORKER

Mathematics is in great demand in the challenging fields of radio chemistry, rocket propulsion, nuclear physics, space exploration and other areas. Research in these fields is conducted by the Federal Govern-

ment, by the industries, by universities, and by foundations.

**AS AN ENGINEER**  
Perhaps you are not aware that there are many kinds of engineers—aeronautical, electrical, chemical, civil industrial, nuclear, and so forth. They cover a wide range of activities. Engineers have had a large part in building this country and they are needed for its further development.

**AS AN EDP PROGRAMMER**  
One of the newest occupations is programmer for Electronic Data Processing (EDP) equipment. Surely you have heard of the almost magic performances of electronic computers, how years of work by former standards are now accomplished in days and hours. Yet, these giant computers would be dead masses of metal and wire if there were no human brain to direct them.

There are still many other fields where mathematics is needed.

## SALUTES

(Continued from page 2, col. 3)  
Society, and the Theater Guild. Hylan is also a copy writer on the "Dunbarian" staff and Sports Editor for the CHRONICLE.

He plans to attend Brown University to study electrical engineering.

Our honoree is the grandson of Mrs. Hylan Hubbard, Sr..

## ALUMNI

(Continued from page 2, col. 1)  
in Sweden as an exchange student this past summer. Hutcherson is a '62 graduate.

## Wedding Bells

*Lucille Withers*, former history instructor at Dunbar, and '58 graduate, married *Lester Green*, '57, September 5, at Jackson Street Methodist Church. The couple is now living in Washington, D. C.

*Jean Miller*, '57 alumna and a former homemaking teacher at Dunbar, married Clarence Henson, August 29, at Holy Cross Catholic Church. They reside in Baltimore, Md.

## Bugle Call

*Alphonso Freeman*, *Walter Lewis*, *Edward Giles*, *Phillip Carter*, *Kenneth Oglesby* and *Reginald Carter*, all '64 alumni, have joined the Armed Forces.
